

Totally Enclosed Lifeboat JYN-50

SOLAS
approved

Product code: 1310104100

Self-righting, unsinkable Totally Enclosed Lifeboat, with a weight of 2435 kg and maximum capacity of 22 persons provides safety and protection for personnel and passengers in extreme weather conditions. Constructed with fire-retardant glass-fibre reinforced polyester.

It is launched by a cantilevered platform davit or single pivot davit. Designed to withstand powerful winds and high waves. The lifeboat is self-righting and unsinkable, even if damaged or fully flooded.

Prime embarkation to the lifeboat is through the side hatches, while additional access is via a large embarkation door.

The lifeboat is equipped with mechanical steering, located at the aft.

Complies with IMO/SOLAS requirements, LSA Code, MED 2014/90.

Totally Enclosed Lifeboat JYN-50

Product code: 1310104100
